## Guide

### Requirements in brief

Our basic rules include electronic paper submission and processing, the LaTeX format following a special *AMCS* style for paper final versions, copyright transfer, a voluntary page charge.

### Paper submission

Paper proposals may be submitted only through our on-line submission system as PDF files. The papers will be subject to a full review procedure, and a decision on whether or not to accept the paper will be made based on the reviewers' comments.

### Electronic processing

The authors of accepted papers will be requested to provide the final versions of their work as electronic word processing files in the LaTeX format using our *AMCS* class.

### Paper style

The style of papers to be published in *AMCS* is determined by a special LaTeX class, which is described in detail in our instructions for authors.

### Copyright transfer

All authors must sign the copyright transfer agreement before the article can be published. The agreement allows protecting the copyrighted material, without affecting the authors' proprietary rights.

### Page charge

Papers published in *AMCS* are subject to a voluntary page charge, which will be invoiced through the author to the author's institution. Publication, however, is not dependent on the payment of this charge.

### Provisions

One sample copy of the journal and the electronic version of the paper are provided for authors once the issue has been published.

### Details, submission and downloads

The complete guide for authors can be found on our website at [www.amcs.uz.zgora.pl](http://www.amcs.uz.zgora.pl).
