Information for Authors

Types of contribution. Research articles, review papers and book reviews.

Submission by the Internet (*recommended through the journal website*). Submitting the paper by the Internet considerably speeds up the submission procedure. Only *Postscript* or *PDF* files that are ready to be printed can be accepted. Go to our website

`http://www.issi.uz.zgora.pl/amcs`

select *Submit now* and follow the instructions.

Submission by regular mail (*in exceptional cases*). Send three copies of the manuscript in English, each copy complete with illustrations. Enclose the cover letter that includes to whom correspondence should be addressed, including full contact details, fax and e-mail address of the corresponding author. Mail your manuscripts to the Editor-in-Chief:

Prof. Józef Korbicz
Int. J. Applied Mathematics and Computer Science
University of Zielona Góra — *Phone: (+48 68) 328 24 22 or 324 72 95*
Institute of Control and Computation Engineering — *Fax: (+48 68) 325 46 15*
ul. Podgórna 50, 65–246 Zielona Góra, Poland — *E-mail:* `amcs@issi.uz.zgora.pl`

Review process. All manuscripts are sent to at least two independent reviewers to ensure both accuracy and relevance to the journal. The final decision on acceptance will be made by the Editor-in-Chief.

Text. Typewrite with double-space and use one side of sheet only. Good office-duplicated copies are acceptable. Headings and subheadings for different sections of the paper should be clearly indicated and numbered in Arabic numerals. The title page should include the name and affiliation of each author, and a full correspondence address, including fax and e-mail, for the contact author. Provide an informative 100- to 250-words abstract at the head of the manuscript, and max. 5–7 keywords.

References. All publications cited in the text should be included in the list of references following the text of the manuscript. In the text please refer to the author's name and year of publication, e.g. (Pandolfi, 1998; 1999). Up to two authors can be mentioned in text references, e.g. (Burns and King, 1995; Rosenblum and Rovnyak, 1985); more than two authors should be shortened to the first author's name with *et al.*, e.g. (Banks *et al.*, 2000). References should be listed alphabetically at the end of the manuscript and should conform to the examples below.

Proceedings: Pandolfi L. (1999): *Recent results on the Kalman-Popov-Yakubovich problem*. — Proc. Int. Conf. *Mathematics and its Applications*, Yogyakarta, Indonesia, pp. 47–60.

Illustrations. All illustrations are to be referred to as figures. They should be submitted on separate sheets in a form suitable for reproduction. To facilitate identification and processing, on the back of each figure, the number, the name of the first author, and the orientation of the figure should be indicated.

Electronic publishing. In order to accelerate editing and printing, the authors of the accepted manuscript will be required to provide its final version on a computer MS-DOS formatted disk along with one paper copy or by the Internet (source file). Most word processing formats are accepted but LaTeX is preferred.

Voluntary page charge. Papers selected for publication in the Int. J. *AMCS* are subject to a voluntary *Page Charge*, which will be invoiced through the author to the author's company, institution, or agency. Publication is not dependent on the payment of the voluntary *Page Charge*. 15 reprints and one sample copy of the journal are provided when the paper has been published. Additional reprints and journal copies can be ordered from the Editorial Office.
