 International Journal of
**applied mathematics
and computer science**

University of Zielona Góra Press, Poland

AIMS & SCOPE

The *International Journal of Applied Mathematics and Computer Science* strives to meet the demand for the presentation of interdisciplinary research in various fields related to control theory, applied mathematics, scientific computing, and computer science. In particular, it publishes high quality original research results in the following areas:

- modern control theory and practice
- artificial intelligence methods and their applications
- applied mathematics and mathematical optimisation techniques
- mathematical methods in engineering, computer science, and biology.

We are primarily interested in presenting theoretical and application-oriented full-length research papers dealing with the following topics:

- control theory, including optimal control, system identification, adaptive and robust control, multivariable control, and non-linear systems
- dynamical systems, including spatiotemporal processes, control problems, state and parameter estimation, and sensor networks
- fault detection and diagnosis, including model-based approaches, observers, and classifiers
- fault-tolerant control, including the control of continuous-variable and quantised systems
- robotics, including modelling and simulation, mobile robots, and optimal trajectory planning
- mathematical modelling and simulation, including numerical algorithms
- optimisation, including mathematical optimisation techniques, global optimisation, and evolutionary algorithms
- classification and pattern recognition
- artificial intelligence, including neural networks, knowledge engineering, reasoning and learning models, expert and decision support systems, fuzzy systems, and search methods
- mathematical biology
- applications in engineering and medicine.

The editors welcome proposals for exchange between similar journals. Also, all persons interested in bringing out special issues of *AMCS* are encouraged to contact the Editor-in-Chief. Such issues may be published on any important and timely subject within the scope of the journal. All papers proposed for specials should be refereed and meet the same criteria for scientific quality as articles presented in regular issues.

The publication of *AMCS* is financially supported by the Ministry of Science and Higher Education in Poland and the University of Zielona Góra. For more information, visit our website at www.amcs.uz.zgora.pl.

Profile

About

The *International Journal of Applied Mathematics and Computer Science* is a quarterly published jointly by the University of Zielona Góra and the Lubuskie Scientific Society in Zielona Góra, Poland, since 1991. It strives to meet the demand for the presentation of interdisciplinary research in various fields related to control theory, applied mathematics, scientific computing, and computer science.

In particular, AMCS publishes original, high-quality full-length research papers in the following areas: *modern control theory and practice; artificial intelligence methods and their applications; applied mathematics and mathematical optimisation techniques; and mathematical methods in engineering, computer science and biology.*

Guide

Requirements in brief

Our basic rules include electronic paper submission and processing, the LaTeX format following a special *AMCS* style, a license to publish, and page charges.

Paper submission

Paper proposals may be submitted only through our on-line submission system. If suitable for our journal, the papers will be subject to a full review procedure, and a decision on whether or not to accept the paper will be made based on the reviewers' comments.

Paper style

The style of papers to be published in *AMCS* is determined by a special LaTeX class, which is described in detail in our instructions for authors. No other formats are accepted.

License to publish

Currently, all authors must sign the license to publish upon paper acceptance. The license governs in detail the commercial and non-commercial use of papers published by our journal, and determines user and author rights.

Page charge

As of 2015, authors are expected to pay page charges, which cover the costs of the publishing process and will be invoiced upon paper acceptance.

Provisions

One sample copy of the journal and the electronic version of the paper are provided for authors once the issue has been published.

Details, submission and downloads

The complete guide for authors can be found on our website at www.amcs.uz.zgora.pl.

Present your research with us!

Printed in 150 copies. Primary version: print.

Subscription

Our subscription is annual and covers four printed issues.

2017 Rates

Domestic

Individuals & scientific institutions:	180 PLN
Other customers:	480 PLN

Foreign

Individuals:	120 EUR
Institutions:	200 EUR

Prices exclusive of VAT. Postage free for standard delivery.

Payment methods

We accept bank transfers and off-line credit card payments.

Orders

Please contact the Editorial Office for subscription orders.

Specials

Recent special issues and sections

2015, Vol. 25, No. 4: Special section
COMPLEX PROBLEMS IN HIGH-PERFORMANCE COMPUTING SYSTEMS
Editors: Mauro IACONO, Joanna KOŁODZIEJ
Authors: M.B. Qureshi *et al.*, A. Bossard and K. Kaneko, J. Gašior and F. Seredyński, P. Mariano and L. Correia, S. Feuerriegel and H.M. Bücker, A. Zeifman *et al.*

2015, Vol. 25, No. 3: Special section
AGENTS IN INTELLIGENT COMPUTING AND SIMULATION SYSTEMS
Editors: Aleksander BYRSKI, Marek KISIEL-DOROHINICKI, Grzegorz DOBROWOLSKI
Authors: T.P. Pham *et al.*, P. Pilotti *et al.*, B. Śnieżyński, M. Smotka *et al.*, R. Nogueras and C. Cotta, B. Veloso *et al.*

2015, Vol. 25, No. 1: Special issue
SAFETY, FAULT DIAGNOSIS AND FAULT TOLERANT CONTROL
IN AEROSPACE SYSTEMS
Editors: Silvio SIMANI, Paolo CASTALDI
Authors: D. Rotondo *et al.*, G. Hardier *et al.*, G. Franzè *et al.*, D. Ossmann and A. Varga, L.H. Rodriguez-Alfaro *et al.*, V.Y. Glizer and V. Turetsky, M.T. Hamayun *et al.*, B. Hu and P. Seiler, T. Péni *et al.*, X. Yang and J.M. Maciejowski, M. Ariola *et al.*, Z. Cen *et al.*, C. Wu *et al.*, G.J.J. Ducard

2014, Vol. 24, No. 3: Special section
MODELLING AND SIMULATION OF HIGH PERFORMANCE
INFORMATION SYSTEMS
Editors: Pavel ABAEV, Rostislav RAZUMCHIK, Joanna KOŁODZIEJ
Authors: A. Mészáros *et al.*, I. Atencia, C. Kim *et al.*, A. Zeifman *et al.*, Y. Gaidamaka *et al.*, J. Zhao *et al.*, R. Dębski
